Season's Greetings

Thuringowa State High School is a Great School with Great Opportunities.

This year we have focused on improving students reading level and achievement. It is important that every student is learning in every classroom, every day. Our dedicated teaching staff have provided students with the best possible opportunity to learn and achieve. Once again we have been supported by our fabulous Parents and Citizens Association throughout the year. I hope that every student and family have enjoyed being at our school and we look forward to an exciting 2015 when our school welcomes Year 7 students for the first time.

We have a number of staff taking leave or transferring schools for 2015. We would like to thank the following staff for their contributions and wish them all the best for the future: Ms Baker, Mr Cavanagh, Mrs De Ruyter, Ms Harrison and Mr Lane. Three of our cleaners are also retiring after years of dedicated service. All the best to Mrs Nielsen, Mrs Watson and Mrs Alexander. A special mention is given to Ms Anderson who’s been a teacher at Thuringowa since 1990 and has contributed so much to the school over that time. We wish you all the best at your new school.

Mrs Borer is also leaving the school prior to enjoying retirement. Mrs Borer began her teaching in 1976 and been a staff member here for the last 21 years. In that time Mrs Borer has been a classroom teacher, Head of Department, is currently Deputy Principal and has been Acting Principal a number of times. Mrs Borer has contributed so much to the leadership and management of the school over this time, and we thank her and wish her all the best for the future.

It was great to celebrate with our graduating Year 12 students at the recent farewell ceremonies and formal. Both were tremendous events and we wish these students all the best whilst they wait final results and begin new pathways.

To all students and families who are leaving our school community I thank you for your contributions towards our great school and wish you all the best.
2015 School Uniform
I am requesting that families support their child to begin the 2015 school year with the correct school uniform. At Thuringowa State High School students are expected to wear the correct school uniform every day. All students must wear a school shirt and school shorts each day. Also, all Year 8 students and new students are must only wear school shorts with the ‘GOWA’ or ‘Thuringowa’ logo on them. Students may only wear short black or white socks and must have appropriate footwear.

Facial Piercings are not permitted for any Year 7 – 10 student at Thuringowa State High School. Any continuing student in Year 11 or 12 with a facial piercing must ensure they are flat and not protruding. These students may be requested to remove or cover their piercing whilst at school. Students who do not meet the required uniform expectations may be withdrawn from class to continue their study in the office.

A school hat has also been introduced for students. The school hat will be available for purchase from a number of retailers from mid-December. There will also be an exciting range of new uniform items to be introduced during 2015 and 2016. Details will be available early next year.

Finally, we welcome any donations of school uniforms that can be used as spares or emergencies for other students. If you child no longer requires the uniform please pass them on to our Front Office staff. Thanks

School Security
With the holidays fast approaching, we are requesting you to look out for after-hours crime in our school. If you see something suspicious, please don’t intervene. Call School Watch on 13 17 88 and let the local police or State Government Protective Security Service deal with the matter.

I am pleased to announce that our school will receive a full security fence around the building perimeter in 2015. The security fence will help reduce the costs associated with some vandalism that has occurred to our facilities in the past.

2015 Return to School
Before you begin your holidays please ensure students have returned all text and library books otherwise families will be invoiced for any missing items.

Our School Office re-opens for enquiries at 9.00am on Monday 19 January and all students begin school on Tuesday 27 January 2015.

As this is the last newsletter for 2014 I wish everybody a safe and enjoyable holiday season with your family and friends!

Grant Dale
Principal
gdale8@eq.edu.au
**Insurance Cover for Students**

Insurance cover for students undertaking physical activities.

Physical activity and physical education, particularly contact sports, carry inherent risks of injury.

Parents are advised that the Department of Education Training and the Arts does not have Personal Accident Insurance cover for students.

Education Queensland has public liability cover for all approved school activities and provides compensation for students injured at school only when the Department is negligent. If this is not the case, then all costs associated with the injury are the responsibility of the parent or caregiver.

It is a personal decision for parents as to the type and level of private insurance they arrange to cover students for any accidental injury that may occur.
MERRY CHRISTMAS & A HAPPY NEW YEAR

from the staff at
Thuringowa State High School
Alcohol and other drugs education program

Students in Years 11 and 12 will learn about the consequences of alcohol and other drug use through education resources rolled out this term.

The education program is part of the government’s Safe Night Out strategy to help young people make safe, informed decisions. A program for Years 7, 8, 9 and 10 will be available in Term 1, 2015.

Read more about the Alcohol and other drugs education program and the Safe Night Out Strategy.

Townsville Sunbus advises that parents/guardians are able to collect their children’s bus passes from the 19\textsuperscript{th} January, 2015 at their office at 451-459 Woolcock Street, Garbutt. Opening hours are 8am to 4:30 pm Monday to Friday.

They will not mail the passes, as many bus passes went missing this year.

Riverway Cup – English & Humanities Challenge

Each year Thuringowa State High School welcomes students from partnership primary schools to compete for the Riverway Cup. The most recent competition was held on the 11th November with Weir State School, Kelso State School and Rasmussen State School participating.

It was a very close competition which turned out to be a raging success!

This year’s topic was based on an English and Humanities task in conjunction with Planet Ark, The Recycle Right Challenge. The Planet Ark challenge is an Australia wide initiative to promote recycling.

Small groups of Year 5-6 students from each of the primary schools spent a whole school day at Thuringowa State High School working, researching and writing about recycling ideas. These students were passionate about the environment and had great strategies on how to improve the recycling in the community.

These students were also very fortunate to have three Year 8 students form Thuringowa State High School, supporting and assisting them with writing their speeches for the competition. Katherine Haywood, Gemma Ogilvie and Liam Perryman, members of the school’s environmental group Eco-Warriors and the gifted and talented program iAchieve, were the mentors involved with helping out.

“It was a really great experience” says Katherine.

“Working with the kids and getting to be involved was really fantastic” says Liam.
The primary school students presented their persuasive speeches to the Principal, Mr Grant Dale and to the Head of English Department Heather Reid, as well as excited parents of the community.

It was a very close score between the three schools but in the end the Kelso State School ambassadors won the Riverway Cup trophy leaving Rasmussen State School in 2nd place and Weir State School in 3rd place.

Congratulations to all the primary school representatives who came that day and good luck for next year!

Gemma Ogilvie

Keep a watch on our school these holidays please

With the holidays fast approaching, we need you to look out for after-hours crime in our school.

If you see anything suspicious, please remember to call the School Watch number – **13 17 88**.

The School Watch Program is a partnership between Education Queensland, the Queensland Police Service and the State Government Protective Security Service. It aims to reduce vandalism, theft and arson in Queensland schools.

If you do see something suspicious, please don’t attempt to intervene. Call the School Watch number and let the local police or State Government Protective Security Service deal with the matter.

Keep the number handy – **13 17 88** – and let’s work together to help create a safer school community.

Use the QSchools app to hear our news

With the free QSchools app you can find out the latest news from our school instantly. No more missing newsletters or hearing about school events at the last minute. We also use the app to issue notifications such as emergency announcements to you.

You can ‘favourite’ more than one school on the app if your family has children attending another state school. QSchools is available for Android, Apple and Windows devices.
You can be the best
You can be the King Kong banging on your chest
You can beat the world
You can beat the war
You can talk to God, go banging on his door
You can throw your hands up
You can beat the clock (yeah)
You can move a mountain
You can break rocks
You can be a master
Don't wait for luck
Dedicate yourself and you gonna' find yourself

Standing in the hall of fame (yeah)
And the world's gonna know your name (yeah)
'Cause you burn with the brightest flame (yeah)
And you'll be on the walls of the hall of fame
You can go the distance
You can run the mile
You can walk straight through hell with a smile
You can be the hero
You can get the gold
Breaking all the records they thought never could be broke

Yeah, do it for your people
Do it for your pride
How are you ever gonna know if you never even try?
Formal thank you's

**Wedding Works North Queensland** is a family business with a vast knowledge of the wedding and events industry. Thank you for donating the table centrepieces for the Year 12 formal.

**Liam Cody** working for **Pooles of Music** rocked the night! A local DJ business that has been taking care of wedding and function music since 1972.

**Michelle Orth** - Fabulous volunteer photographer for the formal and for all of her assistance in formal decoration design and planning!

A reminder to the year 12’s to collect their pre-purchased formal photos (CD) from the office.

**Calling all Year 12 graduates**

Just finished high school and want to get a head start on your career? As a Year 12 graduate you can access fee-free training to gain a Certificate III qualification in a range of areas. The Queensland Government will pay your student fees if you enrol in an eligible course within one year of finishing Year 12.

If you want an apprenticeship or traineeship your training might also be fee-free, with around 150 apprenticeship and traineeships qualifications eligible for funding. For more information or to view available courses visit [www.training.qld.gov.au](http://www.training.qld.gov.au) and search “Year 12 fee-free”
The tuckshop will be open up to and including Wednesday 10\textsuperscript{th} December, 2014.

Not all food and drink items will be available the last week.

The tuckshop will be closed Thursday 11\textsuperscript{th} and Friday 12\textsuperscript{th} December, 2014.

Thank you to all staff, students and parents for your support of our tuckshop throughout the year.

\textbf{WE WISH YOU A SAFE AND HAPPY CHRISTMAS HOLIDAYS}

Our tuckshop will be open for business on Tuesday 27\textsuperscript{th} January, 2015 (first day of school).

\textbf{THANK YOU LYN AND WENDY}
The Wonders of Science program is an innovative approach to building enthusiasm and passion for science and technology in students in Years 6-9. Students are involved in planning, designing and conducting a scientific investigation to test their hypothesis about given topics around physics, chemistry, biology or geological processes and then presenting their findings in front of a panel of judges.

Congratulations to our 2 teams who participated in the 2014 Wonders of Science challenge. They met during their morning tea and lunch time breaks to complete multiple trials of the controlled tests, analyse their data and evaluate their findings. These students showed dedication and commitment. Well Done Guys!

**Year 8: Monique Gale and Lauren Hopner**

**Scientific question:**
*How much energy was required to make a full loop de loop?*

**Key Findings:**
- Metal marble had **more mass** and therefore had **more kinetic energy** than the light blue glass marble when dropped from the lowest drop height.
- The marble with the **greatest mass** (metal marble) was able to do a full loop de loop from the **lowest point** (.33m above the ground).
- The **kinetic energy did not always = potential energy calculated.** This can be attributed to the other forces acting on the marble which were not measured such as friction, drag and resistance.

**Year 8 team quote:** *"It was rewarding to present in front of a panel judges. The preparation took a lot of time – but it was worth it!"*

**Year 9: Ada Thomson, Mia Gale , Zac Ashmead and Thomas Jeeves**

**Scientific question:**
*How does the study of plate tectonics contribute to our understanding of global geological activity?*

**Key Findings:**
Scientific understanding, including models and theories, are contestable and are refined over time through a process of review by the scientific communities and can be used to predict future movement of the continents. Findings have shown that after 100 billion years, the continents will not form a supercontinent.

**Year 9 team quote:** *"We found that WoS was very exciting and fun – even though it took a lot of time and effort. We were glad to be a part of the program."*
WONDER OF SCIENCE
